PILLS

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an exteneffective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively snown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills — one which should have none of the objections but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the

An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but any though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hearseness, &c.; and for Children it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by es of its virtues

DR. JOHN BULL, SOMETHING

NEW AND VALUABLE. The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to our American King.

Europeau kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation, the poor and dependent. Our American King goes forth with equal willingness to the lordly mansion and the humble cabin, ready alike to administer relief, and to offer health and happiness to the loftly and lowly, the rich and the poor.

DR. JOHN BULL'S GREAT AMERICAN KING Is the TANTH WONDER OF THE WORLD, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, relief is at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the proferred Balm, deserve not the pity of their families.

This wonderful medicine, during the brief period since the introduction, has carried happiness to the hearts of thousands, and made life a charm to many who heretofore regarded it only as a painful and miserable existence.

tho sands, and made life a charm to many who heretofore regarded it only as a painful and miserable existence.

To the winds with all Liniments, Embrocations, Pain
Rillers, and Pain Extractors, and let millions of glad
tongues proclaim the merits of the great "American
King of Pain," a preparation composed solely of vegetables and roots, produced by America's own rich and
bounteous soil.

We would ask the Ladles, who are always competent
judges of what is and what is not a valuable family medicine, to do us a special favor by giving the King of Pain
a single trial, and if satisfactory, exert their influence
in its behalf recommend it, speak well and often of it,
and see that it is used by their afflicted neighbors. The
Ladles are always charitable, and when they induce their
suffering friends to use this really valuable medicine,
they will be doing an act of benevolence that they can
well be proud of. This is a powerful and truly-magical
remedy for all external diseases sores, swellings, burns,
&c, and for many internal afflictions, it is a certain cure,
yet it is perfectly harmless, and incapable of producing
the least injurious effects in the most delicate cases or
the weakest constitution.

It is entirely useless to follow the old and worn-out
system of publishing to the public thousands of certificates of wonders performed by this medicine. It costs
but twenty-five cents to try it, and Dr. Bull stakes his
well-earned reputation on the King of Pain doing all
and more than he claims for it.

We would ask have you the Rheumatism or Gout;
these are not pleasant companions, and we know that
you would like to drive them away as soon as possible,
then use

"BULL'S KING OF PAIN."

"BULL'S KING OF PAIN."

Would you be cured almost immediately of Bowel Complaint, Dysentery, Summer Complaint, Cholera Morbus. Crann Cholic, Head Ache, Tooth or any other ache or pain, the remedy is simple and the cure certain, USE THE GREAT KING OF PAIN. Would you have your Sores, Swellings, Cuts, Burns, Scalds, Bruises, or any other wounds healed, we repeat it, use the

MAGICAL KING OF PAIN. Would you be cured of Scald Head, Stiff Joints, Sore Troat, Neuralgia, Sore Breast, Lumbago, Tetter or Ring Worm, Salt Rheum, Bites of Poisonous Insects, Chapped Handa, and all other Sores, either Dry or Running, we say again and again, YOUR REMEDY is Dr. John Bull's "KING OF PAIN."

Would you be cured of King's Eril, Cancer, Tumors, Eruptions, or any disease of the Skin caused by impure blood then use Dr. John Bull's Sarsaparilla internally, and the King of Pain externally, nothing can be more cortain than a speedy and effectual cure. TWENTY VEARS EXPERIENCE.

In the treatment of a class of disease intherto neglected and imperfectly understood, has enabled Dr. KIN KELIN, (Buthor of a work on Self Preservation) to prove that nine tenths of the causes of nervous debility local and constitutional weakness, mental and physical suffering, are traceable to certain habits, forming the most secret yet deadly and fatal springs of domestic misery and premature mortality. TAKE PARTICULAR NOTICE.

misery and premature mortality.

TAKE PARTICULAR NOTICE.

There is an eval habit sometimes indulged in by boys, in solitude, often growing up with them to manhood, and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating affections. Few of those who give way to this perul, clous practice are aware of the consequences, until they find the nervous syst in shattered, feel strange and unvecountable leelings, and vague fears in the mind.

The unfortunate thus affected becomes feelle, is unable to labor with accustomed vigor, or to apply his mind to gridy; his step is tardy and weak, he is dull, rresolute, and engages in his sport with less energy than usual.

If he emancipate himself before the practice has done its worst, and enter natrimony, his marriage is unfruitful, and his sense tells him that this it cause by his early follies. These are considerations waich should awaken the attention of those similari situated.

He who places himself under Dr. KINKELIN'S treatment may religiously confide in his honor as a gentleman, and rely upon the assurance, that the secrets of Dr. K's patients wit hever he disclosed.

Young man—let no false modesty deter you from making your case known to one who from education and respectabilty, can certainly befriend you.

Too many think they will conceal the secret in their town hearts, and cure themselves. Alast how often is this a fatal delnsion, and how many a promising young man, who might have heen an ornament to society, has faded from the earth.

Strictures of the ureline are rapidly removed by the application of a new therapeutical agent, used only by Dr. K. Weakness and constitutional debitity promptly enred, and full rigor restored.
